EXPERIENCE

Frontend Engineer

Jan 2022 - Present

Tix Africa

- Led the front-end efforts for seamless integration with multiple payment providers, ensuring secure and efficient transaction processing. A critical contribution that significantly expanded payment options and improved customer convenience.
- Spearheaded the ground-up development of the Admin Dashboard V2 following a technology transition, resulting in a completely new and robust platform. This contribution positively impacted our team's internal operations.
- Responsible for a comprehensive website redesign, revolutionizing aesthetics and enhancing user-friendly features, ultimately elevating the website's usability and visual appeal.
- Collaborated closely with cross-functional teams to conceptualize and implement innovative features, notably contributing to the creation and successful launch of the user-friendly, no-code website builder, Tix Box Office.
- Conducting rigorous software testing procedures, systematically identifying and resolving bugs to deliver a seamless and error-free user experience, maintaining high-quality standards.

Frontend Developer

Mar 2021 - Jan 2022

GatePass

- Played an integral role in the strategic implementation of features that leveraged new partnerships, integrating functionalities that were instrumental in driving user engagement to new heights.

- Collaborated seamlessly with design, product management, and development teams to conceive and implement elegant, responsive interfaces to elevate user engagement and ensure seamless functionality across various devices.
- Actively contributed to the expansion of features, code refinement, and process optimization, resulting in the delivery of high-quality, scalable, and performant products. These efforts consistently delivered an intuitive and delightful user experience.

Frontend Developer

Jul 2020 - Feb 2021

KloudHQ

- Designed web applications according to client briefs and modified designs to meet changes in client specifications.
- Crafted resilient and maintainable codebases with contemporary CSS techniques and JavaScript libraries. This approach ensured the long-term stability and scalability of the projects, contributing to seamless user experiences.

EDUCATION

Obafemi Awolowo University

Bachelor of Science

2014 - 2019
