ABOUT ME

Tolu Adegboyega is a front end developer looking for opportunities to build things that help people, as well as the chance to keep learning.

PROJECTS

Random Quote Machine | Github

Inspiring quotes at the click of a button with an option to share as a tweet. Built using HTML, CSS, BOOTSTRAP and JQUERY.

Style Conference | Github

Simple landing page I built with HTML and CSS for a fun project.

Survey Form | Github

Survey form project built with HTML, CSS and Javascript.

Technical Documentation Page | Github

A responsive technical documentation page on javascript.

For more projects, please check out my Gitub.

SKILLS

HTML CSS BOOTSTRAP JAVASCRIPT
